

April 26, 1972

Mr. Robert Reddick  
2254 South Barcliff Drive  
Springfield, Missouri

Dear Mr. Reddick:

This office has received a complaint from a citizen indicating that you deposited oil in the storm sewer near your residence.

An investigation by our people indicates there was oil deposited in this storm sewer. We have no way of knowing whether you are responsible for this oil or not, but would like to remind you that disposing of oil in storm sewers is in violation of a city ordinance.

Thank you for your attention in this matter.

Yours truly,

Everett L. Balk, P.E.  
Sanitary Engineer
